Another year has passed.

We will go about our ways

Till fall comes at last

And brings back schooldays.

Some of us leave to follow our dreams,

While others return like colored leaves in fall.

As we reflect

Upon the year's affairs

We will keep close at heart

The memories we have shared.

Jay Smith

Letter to the Editor:

Dear Editor:

Man, am I scared and freaked out! I mean, this *Aids* thing is just more than I can handle! You know, I even heard on the news that 160 people in Oklahoma have this killer disease right now. And some of them aren't homosexuals either. In fact, I heard about this seventeen-year-old guy in the next county who isn't gay and he's got it. He got it from a girl who had contact with a boy who wasn't exactly straight, if you know what I mean.

So, when will this ever end!?! I haven't stopped kissing or anything yet, but I'm really freaked. I wish the schools would start telling us more facts about *Aid* and how we need to live so we won't get it. I mean, I hear it's a pretty painful way to go!

I'll tell you one thing — I'm not going to do "you know what" with *nobody* because I'm too young to die. I probably wouldn't even see age 21 if I got it now. Man, like I know life is short, but it shouldn't have to be *that* short!

Really Scared

Letter to the Editor:

Dear Editor:

I would have graduated a few years back, but I acted like a jerk and dropped out instead. I couldn't stand the homework, the crabby teachers, and the old rules, rules, rules.

I thought the sooner I got out of school and on my own the better life would be. Boy, was I wrong!

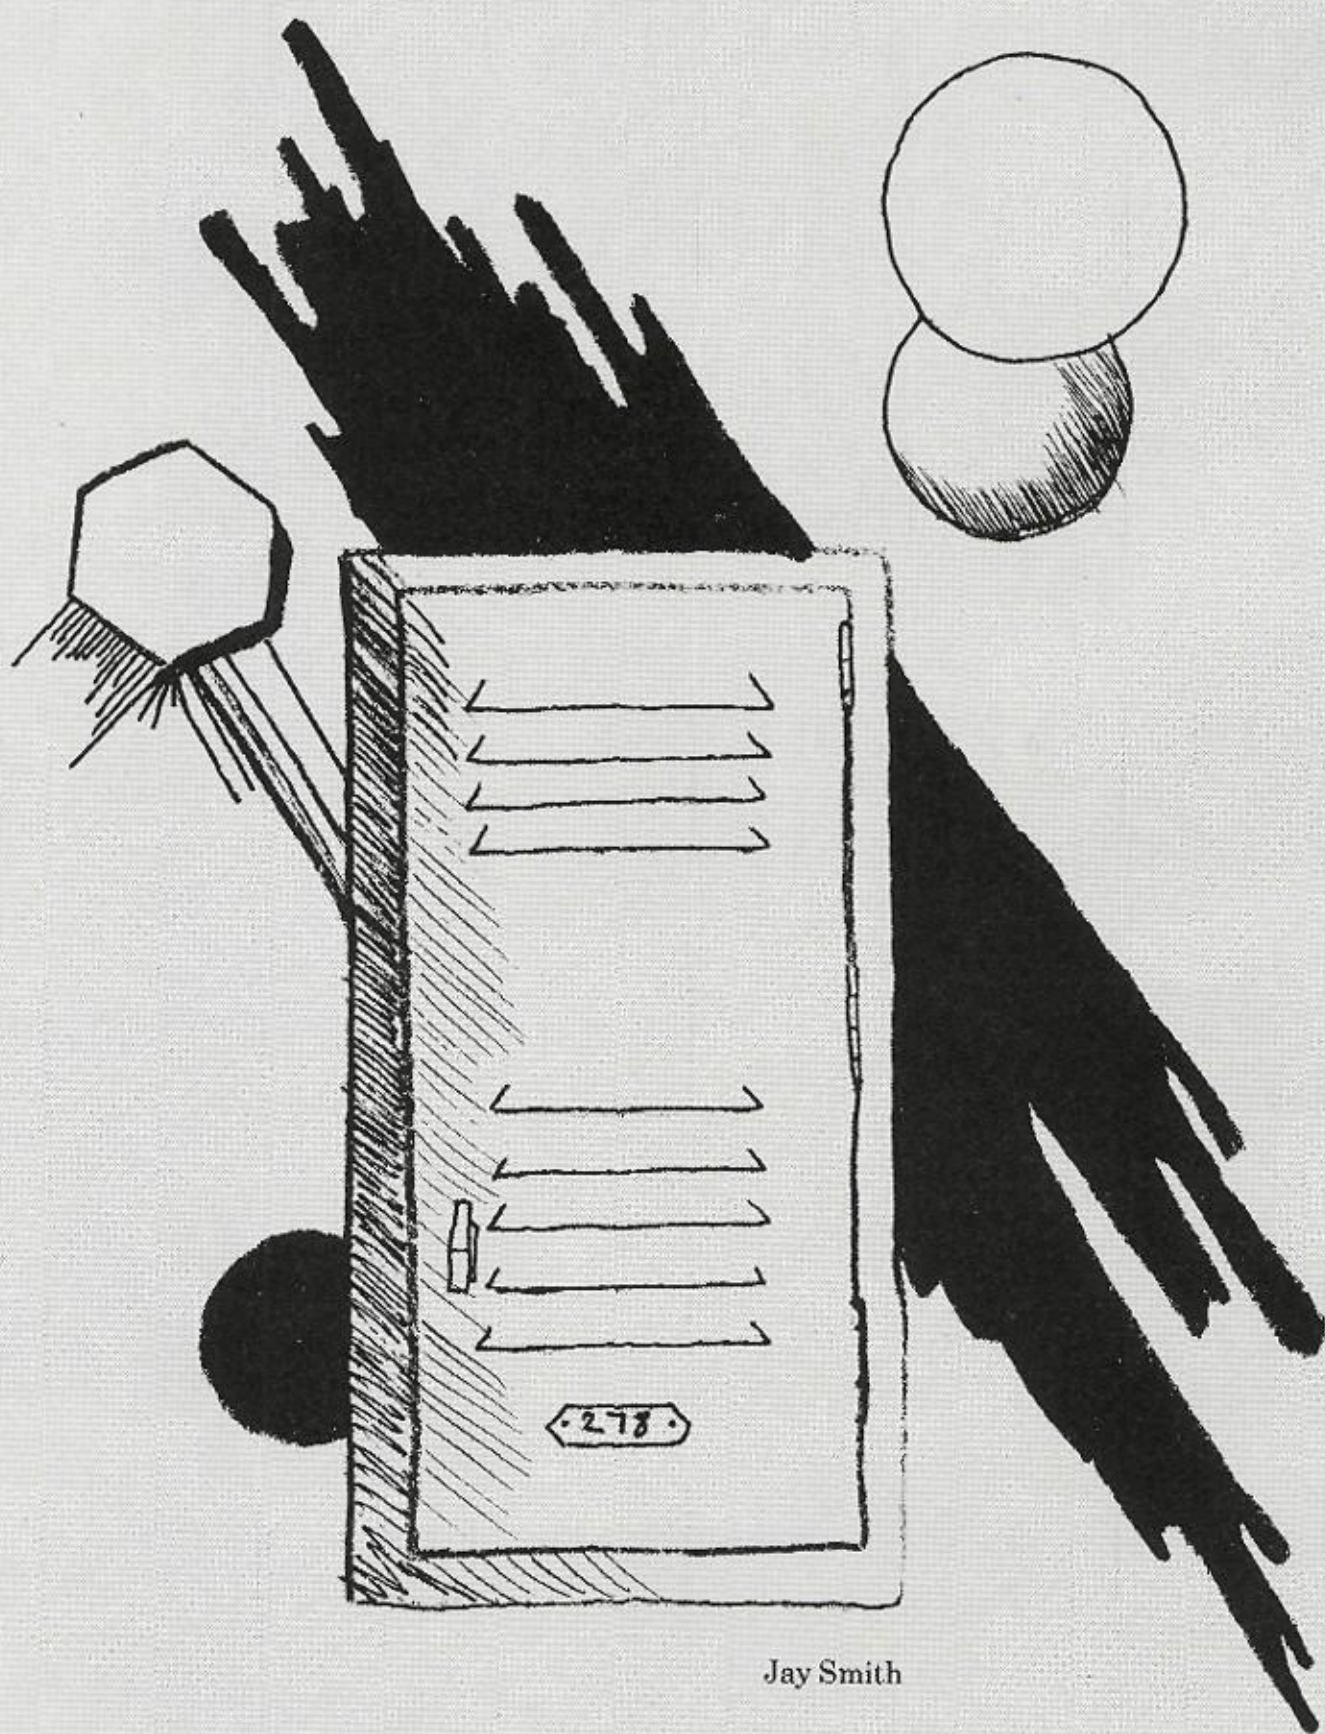

At first I had this real good job — or so I thought. I was cooking at a fast food place. But then I got married and a baby came along and \$3.35 an hour wouldn't begin to pay the rent, make the car payments, buy the food, and on and on. I mean, the list of bills was endless!!!

So this year I decided to learn auto mechanics at Vo-Tech, but I still have to support my family. I guess what I'm getting at is it's just a whole lot harder now than it would have been if I had stayed in school.

So, I'm writing this letter to congratulate all you 1987 grads — you'll be glad you stuck it out, believe me! And I want to urge you graduates of 1988, '89, and '90 to stay with it and get that diploma.

It is worth it!!!

Sorry Too Late

Jay Smith

Letter to the Editor:

Dear Editor:

I'm a high school senior from another state who's writing this letter to your students to warn them about something that happened to me last year — because I don't want it to happen to them too!!

Back then I thought it was super cool to smoke a joint before school, during school, and after school (or whatever I could get away with). Not to mention chugging a beer or two along with the joint.

Well, one day I was up to my old tricks and I was driving to the local Sonic with my girlfriend. But we never made it because the mixture of booze and drugs in my screwed up body kept us from it. I mean, *really* kept us from it!

About all I remember is this humongous semi-truck suddenly looming in front of us, and then I must have passed out. The next thing I knew I was waking up in a hospital room and I couldn't see anything, not even my own hand in front of my face. And it's been that way ever since.

But that's not the worst of it. You see, my girlfriend died before we ever made it to the hospital. Did you hear me? She died, man!

So I hope your students realize the tragedies that can result from drinking and driving. Blindness I can live with, but murder's another story.

Blind and Sorry

Letter to the Editor:

Dear Editor:

I know there are a bunch of us at Tecumseh High School this year, but that doesn't make it any easier for me to live with. See, I'm pregnant.

And believe me, I've thought of all the alternatives. The first one I thought of was an abortion. But I know I couldn't handle the guilt. You know that's murder to a lot of people. And besides, let's be practical, where would I get the money for one?

Of course, I could get married to the baby's father. He said he would, but I know it wouldn't work because we don't love each other. So it would be bad for us, not to mention the poor kid. Let's face it, I'm too young for any of this mess!

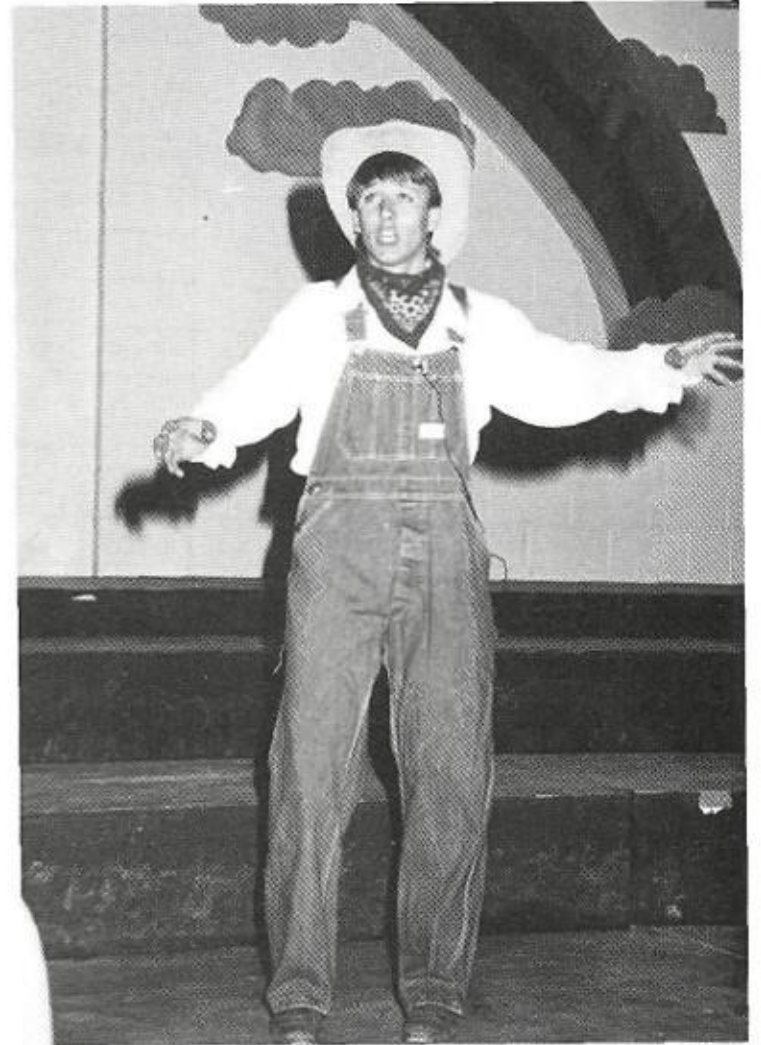

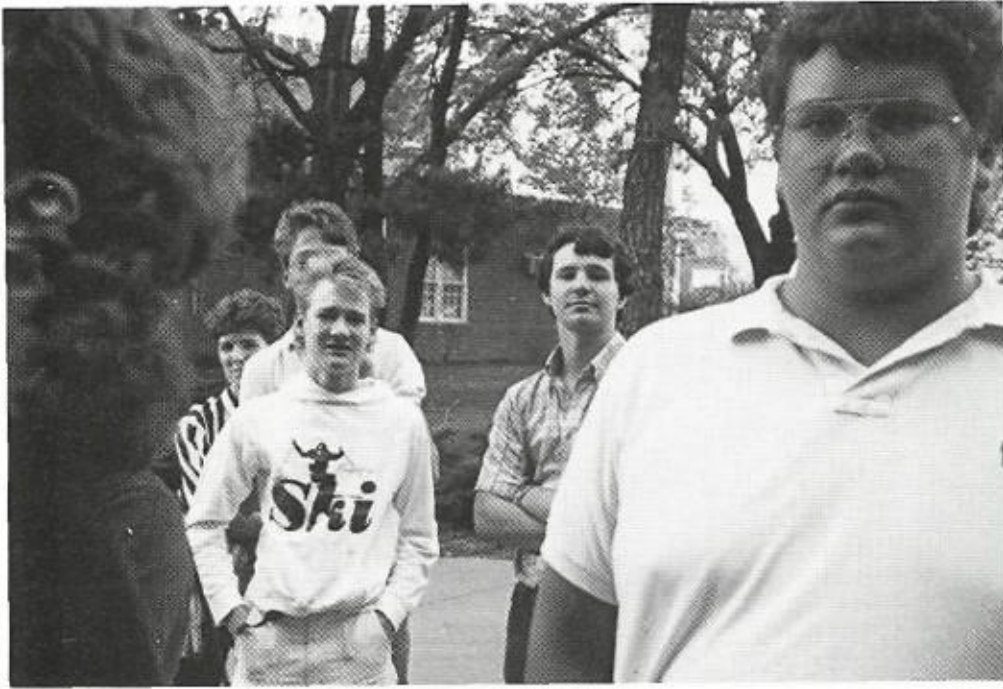

My counselor tells me that there are lots and lots of married couples right around here who can't have children, and they would adopt my baby and give it a real good home.

But I keep telling my counselor that I want to keep my baby and raise him myself. And she keeps reminding me of the money, time, and effort it will take that I don't realize yet.

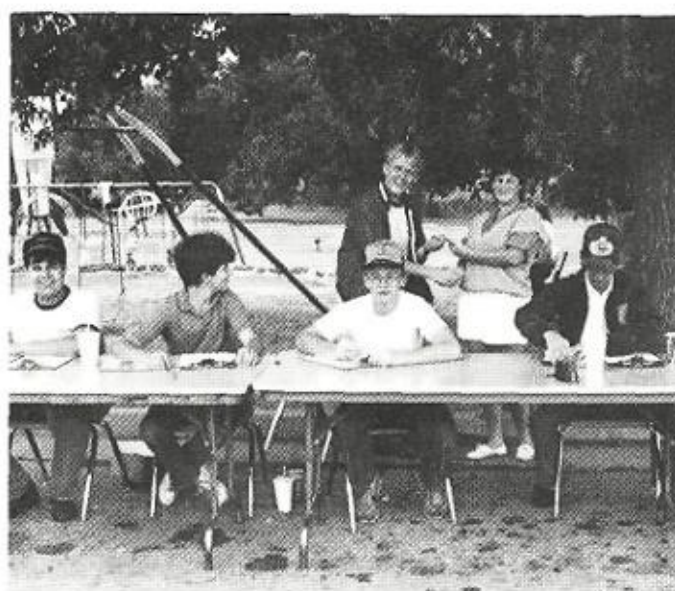

So I don't know what to do. What do you think the best answer is?

Too Young

A Slice of Life

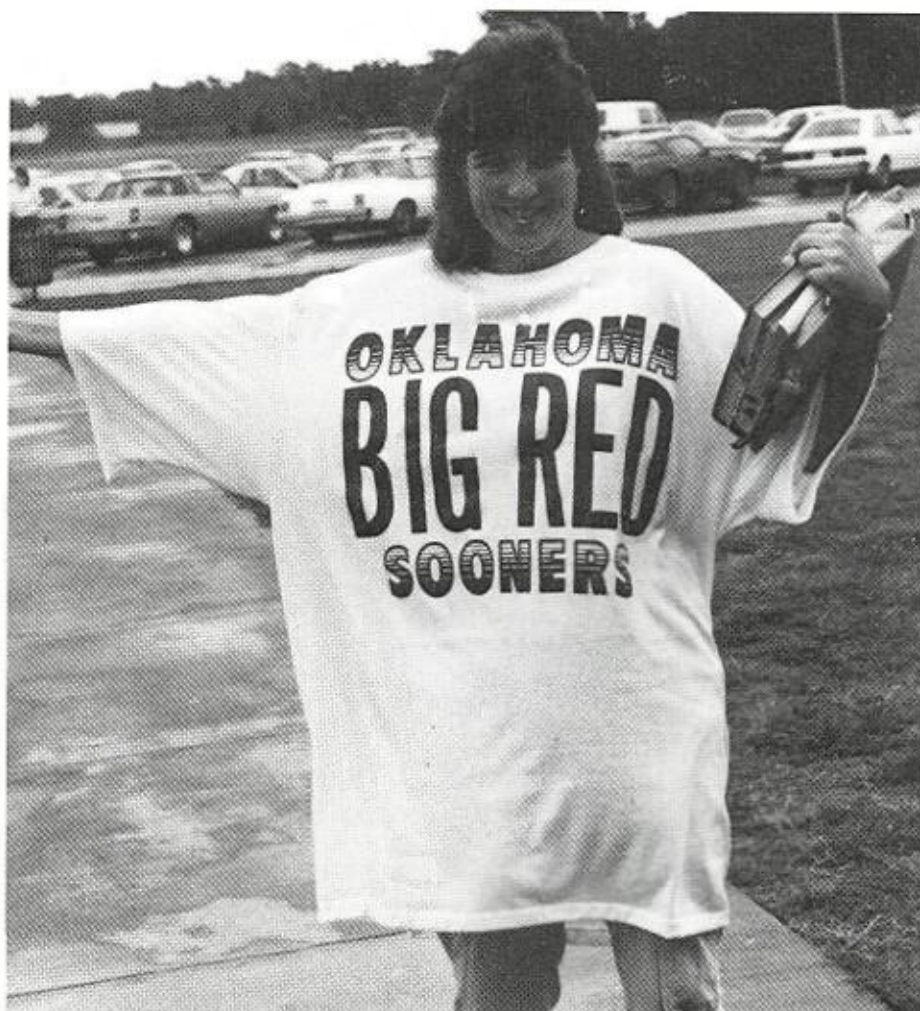

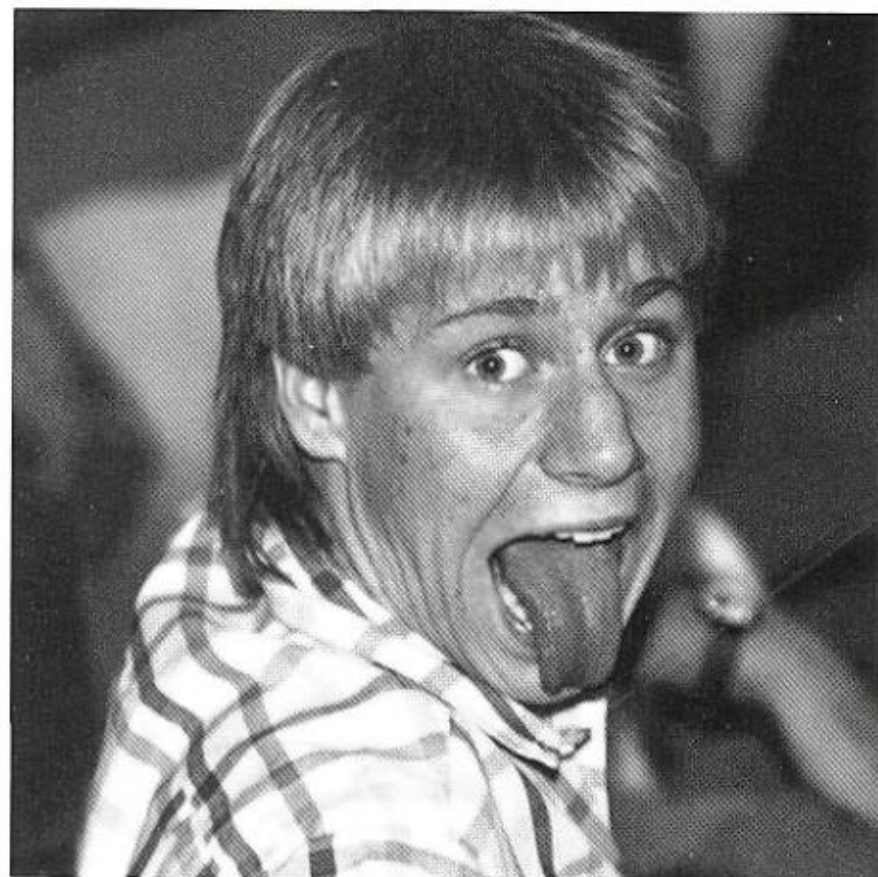

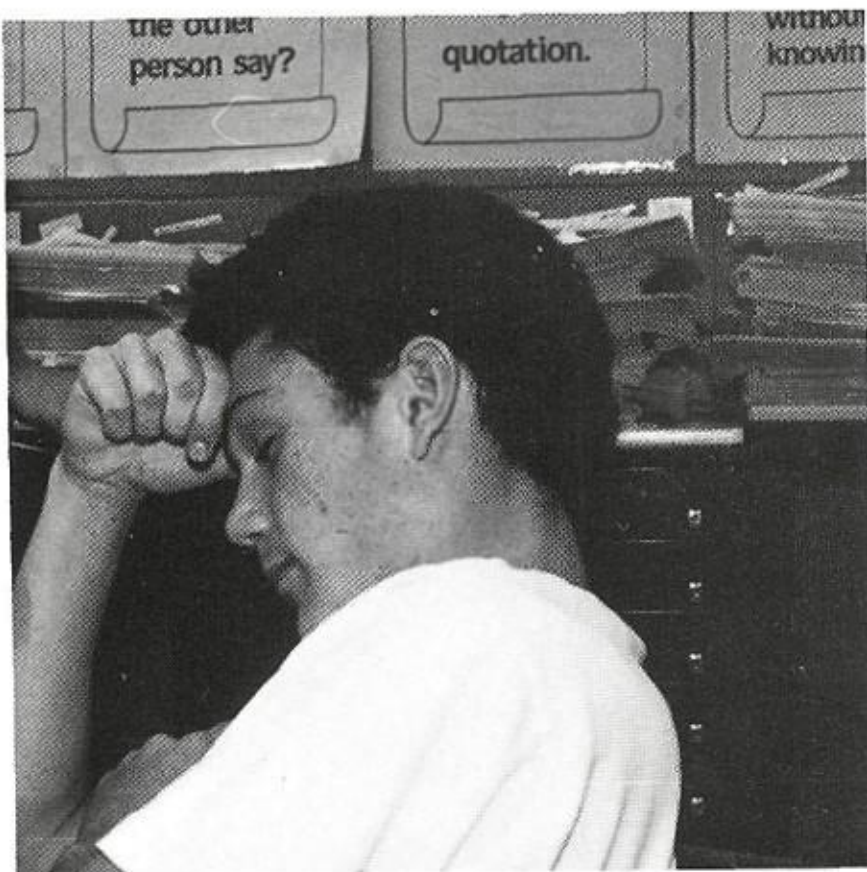

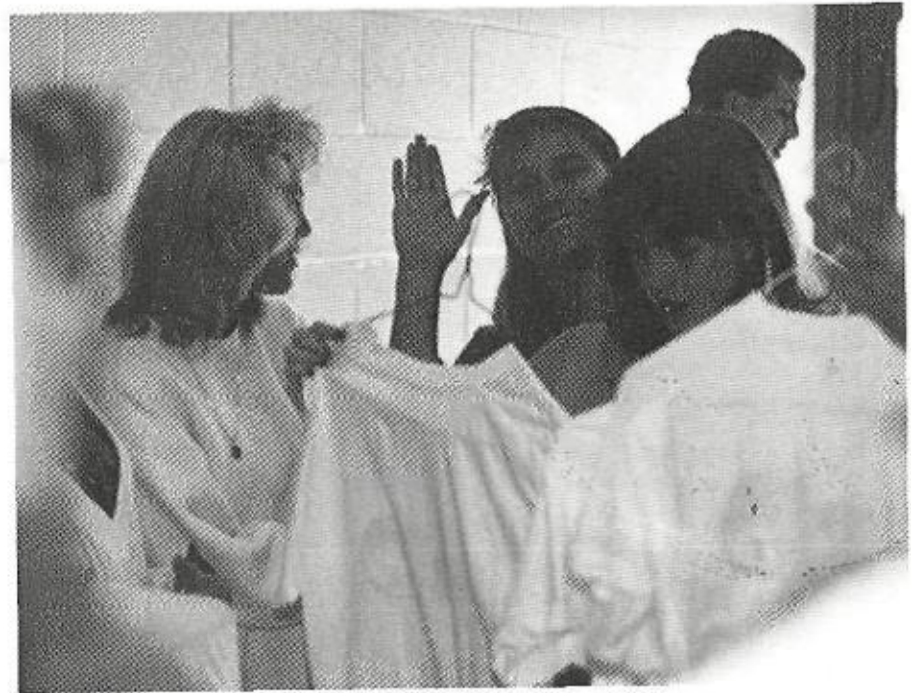

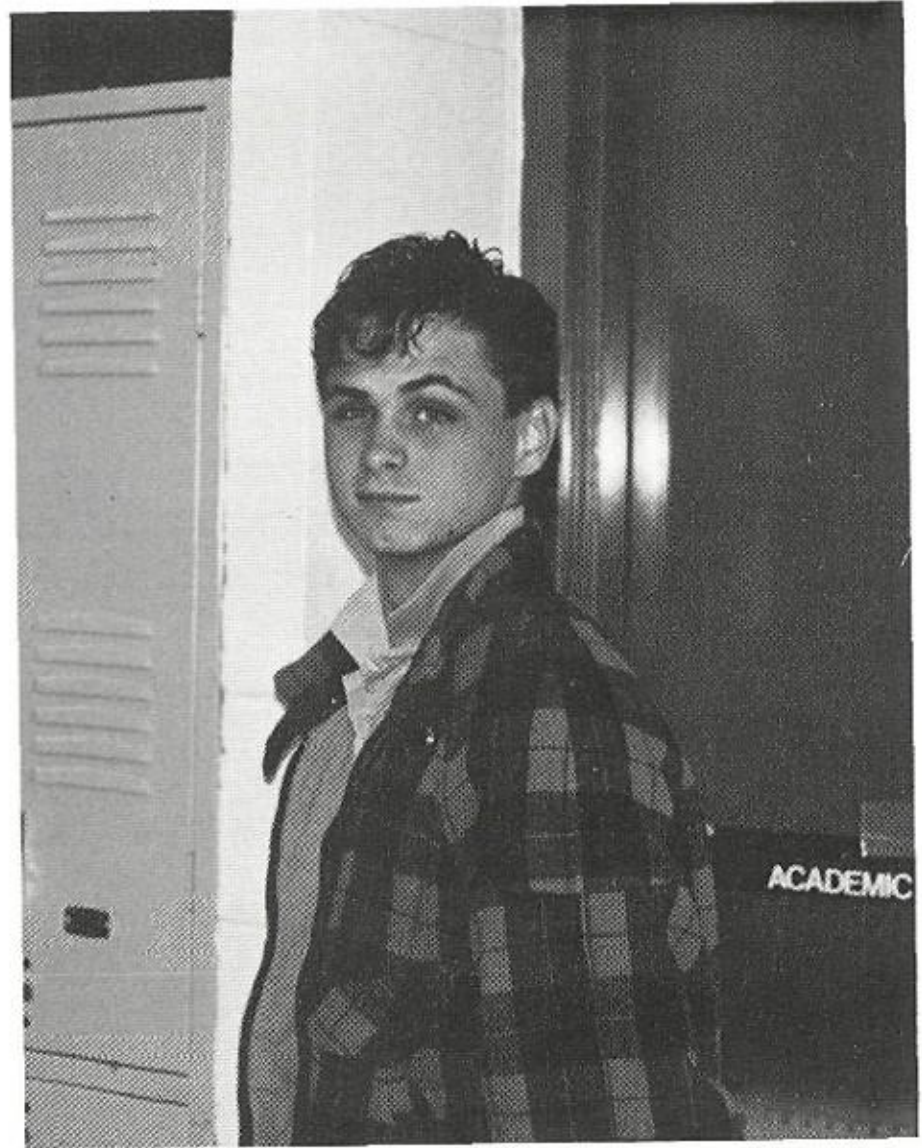

At Tecumseh High

1987 was a tremendously exciting nine months at THS! For example, we slept, we studied, we tried to look sophisticated, we gave speeches, we attended meetings, we played in tournaments, and most of all . . . well, you get the picture . . . ho hum, ho hum, ho hum . . .

'86-'87 Smoke Signal

The Tecumseh High School Smoke Signal Staff has established a twelve-page newspaper for events such as the Yearbook Pageant and others. Such pages consist of a sport, fashion, K-8 organizations, students, school news, and editorials.

The advisor of the newspaper is Mrs. Shoemaker and the editor is Robert Chisolm.

The newspaper staff consists of: Jay Barton, Rick Riojas, Terry Ball, Tony Collins, Cindy Puckett, Gordon Jackson, Shannon Wood, Serena Hill, and Andrew Sams.

The staff of 1987 has worked very hard this year to put out a newspaper with all respects to you.

Stu. Co. Leads School

1986-87 was a busy one for the Student Council. They were elected president of district IX which involved new leadership challenges. Their duties ended with THS presiding over the annual district meeting and presenting training workshops. Other activities revolved around service to the school such as conducting class elections, organizing the Homecoming Parade, supporting Operation Christmas and assisting with the end of school awards assembly. Perhaps the most significant achievement was to develop a training program for new class officers to help them perform their duties even more effectively during the next school year.

Spanish Club

The Spanish Club was small but active this year, attending two contests. At the OBU Festival Español, Nov. 13, members entered posters, paintings, and Mexican and Spanish foods. Tina Oglesby placed third with her beautifully decorated and tasty Mexican cake.

At the OU Pan American Day Festival, April 8, members brought home four ribbons. Tina Oglesby placed first and Amity Boland placed third with the *Ojos de Dios*. Jay Smith placed second with his bullfighter painting. Tammie Seaton placed third in pottery.

It was a fun year with several parties and activities, including an end of the year party at El Burrito. Here members said farewell to the sole senior member, and club president, Robert Chisholm.

Gifted Students Keep Busy

At the start of the 86-87 year, Gifted and Talented was supposed to be a new class in the THS curriculum; but circumstances caused it to remain a club. However, this did not stop it from being an active program. G & T kept busy all year. They participated in a large-scale "mock trial" competition; they represented the school well in a state-wide academic bowl, and in their sparetime, dabbled in golf and computers. Most of the credit for the group's success goes to the dedication and enthusiasm of the new sponsor, Nancy Warwick. Good job!

Mu Alpha Theta is a mathematics club for high school and junior college students co-sponsored by the mathematics association of America and the National Council of Teachers of Mathematics. The club's purpose is to stimulate interest in mathematics among students by providing public recognition of superior mathematical scholarship and promoting mathematical activities. This year's scholarship given by Mu Alpha Theta was presented at the spring banquet and was given to Jimmy Smith. The winners of the Math Bowl '87 were Chase Rutledge, Bobby Humphrey, Doyle Stansell and Deana Huey. Second place team was Greg Stone, Shelly Trammel, Scott O'Neal, and Billy Sigman. The winning team out of seventeen teams in the Mu Alpha Theta's second annual volleyball tournament was the Spikers. The Sooners won the second annual Mu Alpha Theta flag football tournament.

Computer and Technology Club

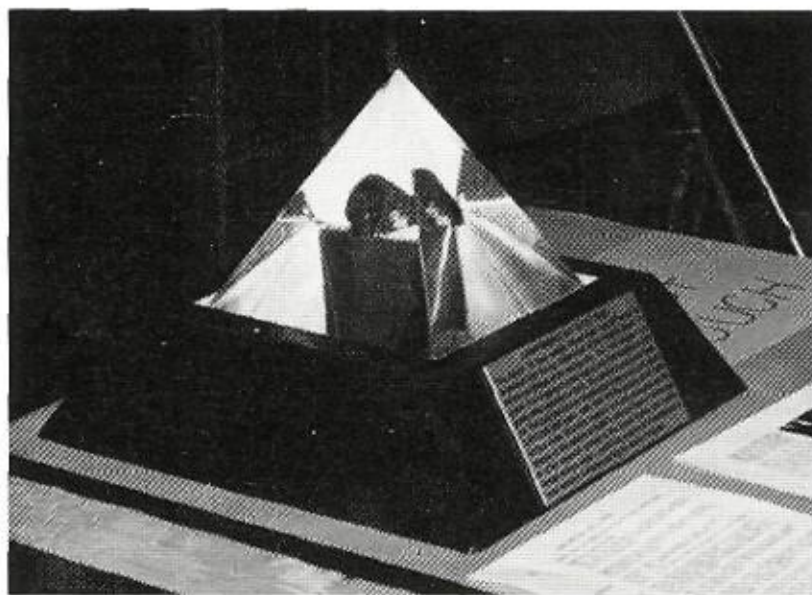

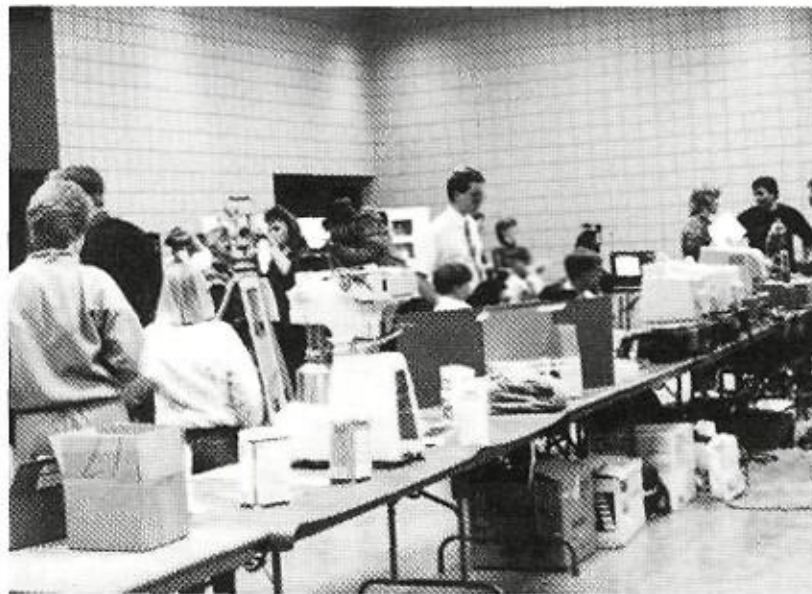

The computer club expanded their club to technology and they learned many new things. They have a new laser and do some very impressive experiments.

The computer show this year was quite a success. They had everything from an AWACS display to three robotics experiments. The computer club sold sunglasses earlier in the year to buy new laser equipment.

Computer club thanks Mr. Hunsaker for sponsoring them. They competed with others at three contests at OU, Myriad, and Omniplex. The shows were fun and gave them ideas for their show. The club grew this year, as it does every year, and has more members than ever.

Youth Alive is a teen-sponsored Christian fellowship group. They held meetings throughout the year and planned a picnic with the FCA group. This year they tried to sponsor a concert for the school, as they have done in the past, but fell short of the support necessary.

The meetings were early, and it wasn't good to be late. Alonzo said we wouldn't get much done if we

kept going at this rate. "Wear your shirts tomorrow," Mrs. Chlouber would say. "Aw come on, do we have to wear them all day?"

The cheerleaders yelled, "THS is the best! Come on Spirit Club this is no time to rest." The game has ended as we scream our name. We think to ourselves, "Well guys you played another great game." The weekend is over and Monday is here. The time to read the bulletin is very near. As we sit and listen we hope Mrs. Chlouber won't be mean, but all we hear is, "Wednesday, Spirit Club meeting 8:15!"

Savages on the Wa

The 1986-87 Tecumseh Savages finished their season with some exciting wins and disappointing losses. Their record for the season ended up to be 5 wins and 5 losses.

The season proved to be a letdown for the 1987 Seniors since the team came so close to the state play-offs. This year's Seniors were Tony Fullbright, David Gadberry, Raymond Montgomery, Butch Schovanec, Richard Oliver, David Flowers, Ricky Crisp, Bill Sigman, Shannon Brand, Brad Trice, and Jerry Smith. Senior Tony Fullbright made all-state. Tony was selected for his outstanding performance as a defensive lineman.

Many players worked together to make the 1986-87 football season a good one. Each one helped the team in his own way on and off the field.

Savages Come Out Tops

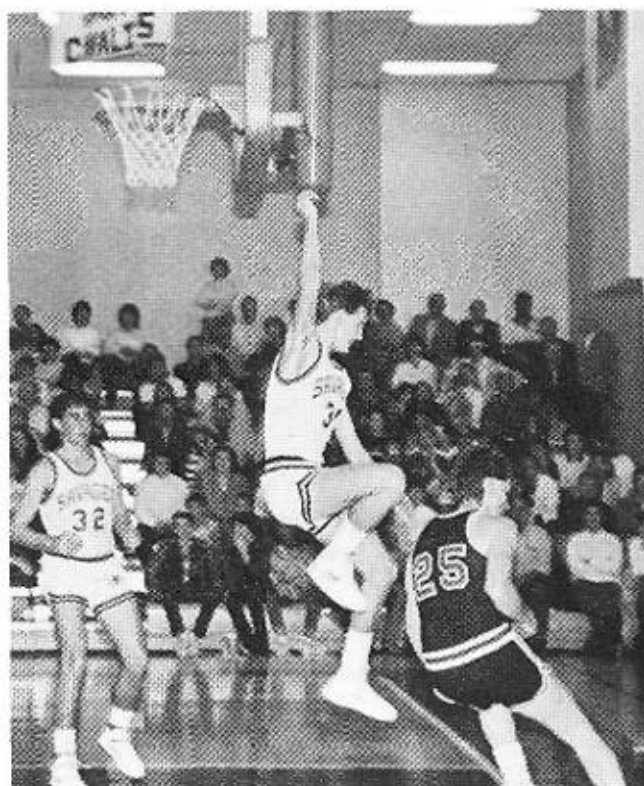

The Tecumseh Savages finished out the '87 basketball season with a phenomenal 21-6 record. Along the way, the boys won the OBU Invitational Tournament, the Pott. County Tournament, were the District Champions, Regional Runner-up, and made it to the semi-finals of the Area Tournament.

The Savages will miss seniors Troy Thompson, Steve Anthony, and Mark Motley, but will definately feel the loss of Alonzo Lannon, All-District player that was named MVP of the Pott. County and OBU Tourneys . However, 4 of the top 7 will return.

Lady Savages Break Records

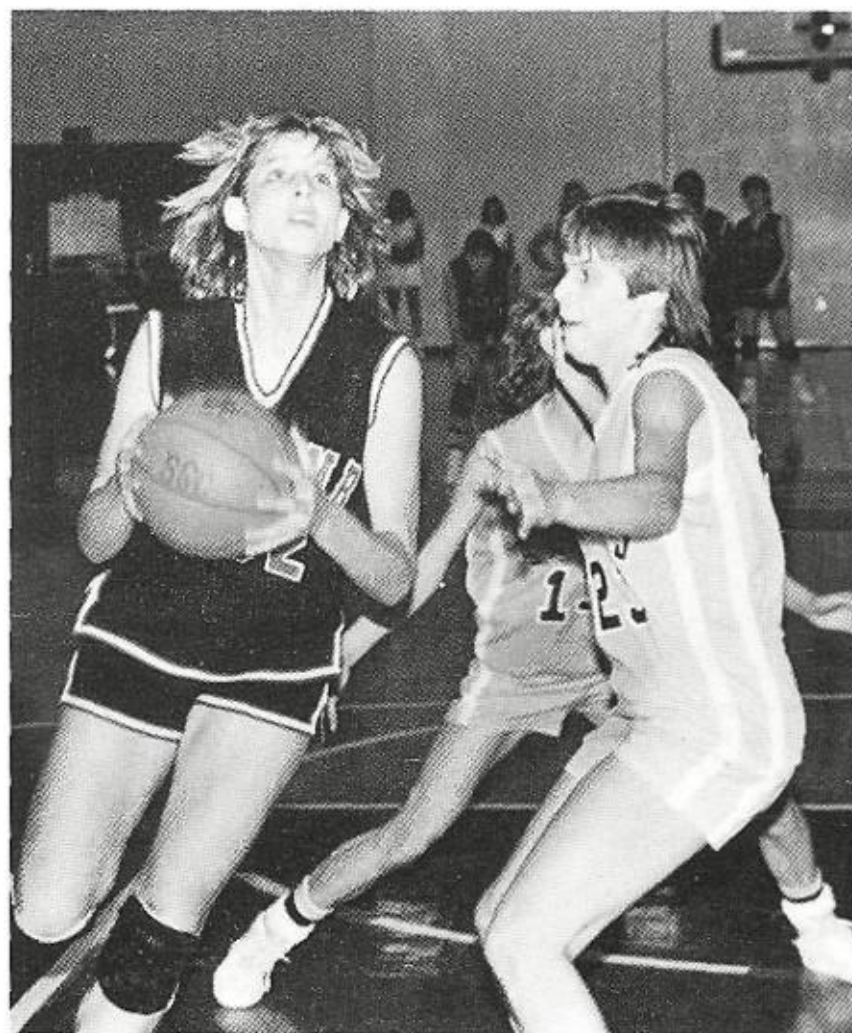

This year's girls' team was one of the most successful in the history of THS. While matching the boys' record of 21 wins and 6 losses, the Lady Savages took the Pott. County Tournament for only the fifth time since 1928, were the runner-up team at the OBU Invitational Tournament, District Champions, Regional Consolation Champions, Area Quarterfinalists, and had the best record since 1974. This was also the first year in THS history that both the girls and boys finished the season with 20 or more wins apiece. Only three Seniors, starter Alicia Conley and part-time starters Tonya Pruett and Stacy Hill, will graduate, meaning that five full-time starters will return next year. Also the Lady Savages will be the only 3A team to participate in the prestigious Tournament of Champions in Del City next January. WAY TO GO TECUMSEH!!!

This year the members of the Tecumseh High School Choir weren't as busy as they were last year, but they did a few fund raisers. At the beginning of the year, they had a spaghetti dinner to raise money for their outfits. During the year they sold candy bars to raise further money. They aren't planning a big trip like last year but maybe in the future.

Throughout the year, the choir and show choir participated in several different contests. They came in 2nd place at Little Dixie Contest in November, and competed at District and State contests. Near the end of the year, they went to Tri-State. Even though they aren't busy with a New York trip, they are still busy winning honors.

Class Act '87

The choir and show choir were also busy performing concerts. They performed a fall show, a Christmas concert, a Broadway Show, and an annual benefit show. They also performed the play, "Annie Get Your Gun" featuring Christie Brown.

This year the choir and drama department did the exciting musical "Annie Get Your Gun." The directors were Carolyn Daughtery and Jackie Sikes. The musical was a great ending to an exciting and busy year, for both departments.

The play starred: Christie Brown, Chase Rutledge, Chris Gregg, Jamie Daughtery, and Shannon O'Shell. It was a smashing success!

Choir Hits “The Big Apple”

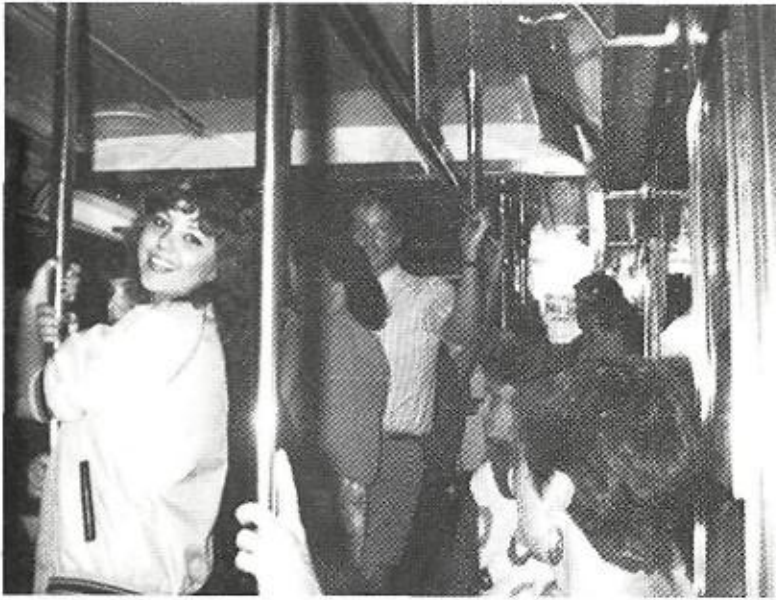

The Tecumseh Choir had a busy year in 1986. They raised over \$22,000 to compete in vocal contest in New York City. Many fund raisers and hard work made this trip possible. Candygrams, bake sales, car washes, a cake walk, an auction and a year round concession stand at the Middle School are only a portion of the attempts to raise money for this big trip.

Dogs on Campus

Ernie finds the drugs!

The dogs have come to THS this year to search for drugs. The students enjoyed having a little wildlife on campus. They came periodically and sniffed the parking lots, lockers, classrooms, bathrooms, and even the office. The dog that usually visited was Ernie. The high school was not the only place they searched, they also went to the middle school. The dogs did their job well; they found drugs on campus and made themselves a threat to those who had drugs.

Thank you, dogs!

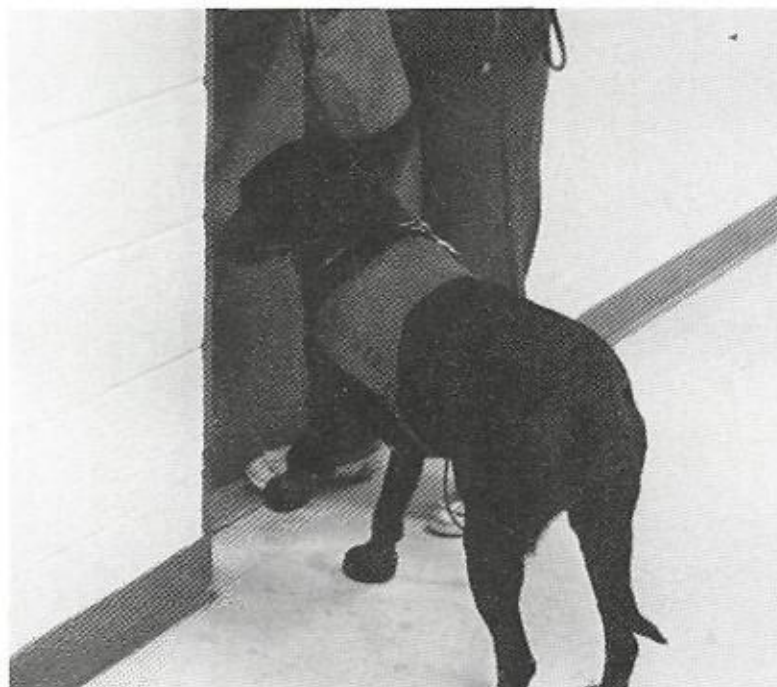

Come on! Give 'em back.

SNIFF! SNIFF! SNIFF!

Are you busy tonight, Ernie?

Don't go in there, thats the office.
